

# Volunteers Needed!!

Looking for a volunteer experience that you can feel like you're really making a difference? There are seniors in your town and community right now who need help with the basic needs of transportation. Without transportation they can no longer get to the store to get groceries, to the bank to pay their bills, and most importantly can't get to the many doctors appointments that they need to stay healthy. Our goal at HealthVisions is to help the seniors in our communities to know that God has not forgotten them. That there are still good people out there who care about them.

**Minister to the needs  
of others with love  
and compassion.**

- How often and how far you would like to drive is completely up to you.
- If you choose to use our online program, you can see details about each drive and easily select which drives you are available for.
- Receive tax deductions or mileage reimbursement.
